

# Christian Science Young Adult Gathering

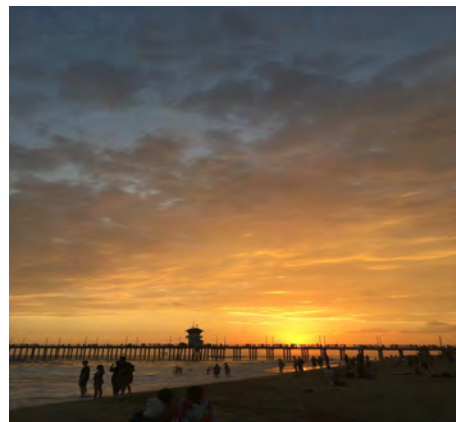

Hosted by the Christian Science Committee on Publication for Southern California

## Who

For all students of Christian Science from 16-30 years old.

## What

From the end of high school, through the time you launch your career, you will likely face difficult questions and misconceptions about Christian Science. This event provides an opportunity to dialogue with other young adult Christian Scientists about how to respond to these erroneous impressions from a standpoint of healing versus defending. Join us for an overview of how the Committee on Publication handles these issues, a peer discussion divided by age group, and an opportunity to ask questions to Southern California's Committee on Publication, Anne Cooling.

## When and Where

Saturday, August 10th, 2019 at Lona Ingwerson's home in Laguna Beach, CA. The gathering will begin at 10:00am with a two hour discussion, talk and workshop followed by lunch and social time from 12:00pm to 2:00pm. You are welcome to join us for any portion of the event.

Free parking will be available along the street or in hospital parking lot a block away.

## How Do I Sign Up?

Please RSVP for this event using the following link before August 1st, 2019: <https://tinyurl.com/y3scyrnr>

## What Do I Bring?

If you have any questions you would like to submit for discussion, please submit them on the Google Form when you RSVP or bring it with you to the event. Optional: Bathing suit and towel.

## Any further questions?

Feel free to contact Katie Cunningham, intern, at the Committee on Publication office for any questions.
