OASIS Senior Center, Corona del Mar, 7:30 p.m.

Thursday March 19, 2020 - THE DR. JOHN TUTT STORY

Dr. Tutt was a brilliant man with a promising career in medicine. In fact, he became a doctor when he was only 19 at the end of the 19th century. But his dissatisfaction with the unpredictability of medical practice, coupled with his own healing experience in Christian Science, turned him wholeheartedly to the practice of this Science and its unerring divine Principle—which, he said, answered all theological and medical questions for him. Subsequently, he became one of the most well known lecturers and teachers of Christian Science in the 20th century. The film also covers the spiritual journey of this dedicated, resolute Christian Scientist through many challenges, trials, and victories.

Thursday June 25, 2020 - THE HELEN WOOD BAUMAN STORY

Christian Science was the answer to Helen Wood Bauman's deep desire to help humanity, and her understanding of the teachings of Mary Baker Eddy bore fruit in an extensive healing practice. She went on to become a teacher of Christian Science, and her love for communicating its healing rules and laws, coupled with her love for writing, enabled her to have over 1000 articles published in the Christian Science periodicals. Our film gives viewers an inside look at an individual who would become the longest serving editor of the Christian Science periodicals.

September, 2020 - THE PAUL STARK SEELEY STORY

Paul Stark Seeley was one of the most beloved and respected lecturers in the history of the Christian Science movement. Graduating with a law degree from Harvard University, he left his law practice to practice Christian Science, the law of God, becoming a practitioner, teacher, and lecturer. The film documents not only his accomplishments, but also the challenges he would have to face and overcome. His story, as depicted in the film, shows how Mr. Seeley's lectures fed a spiritually hungry world with the truths of Christian Science, as revealed to, and taught by, Mary Baker Eddy.

March, 2021 - THE L. IVIMY GWALTER STORY

This is a film about one of the most dynamic workers in the Christian Science movement. Ivimy Gwalter grew up in New York at a demanding time for our country and the world—a world torn by World War I. Our film shows how Miss Gwalter's demonstration of the Science taught by Mary Baker Eddy would contribute to the healing of the country, the reviving of its economy, and bring healing to sufferers during the time of a major pandemic. She was both a practitioner and teacher of Christian Science, contributed many articles for the Sentinel and Journal, and became one of the longest serving members of the Christian Science Board of Directors.

June, 2021 - THE JULIAN H. ALCO STORY

Information to follow on this upcoming film, on a great prison reformer.
